McKINLEY OUT.

He is Not a Candidate for President and Favors Harrison's Renomination.

COLUMBUS, Ohio, March 29.—Governor McKinley last evening created a little stir by definitely announcing his position with reference to his alleged candidacy for the presidential nomination at the coming national convention at Minneapolis. Said he in answer to the question directly put, "Are you a candidate for the presidency and will your name go before the Minneapolis convention?"

"No, sir" was the prompt response "President Harrison has made a wise, patriotic and conservative executive and I think he should be renominated and nominated I shall support him and I hope he will be unanimously renominated."

"What about the tariff" was asked.

"I am satisfied that the tariff of 1890 will win its own way It is making splendid progress It is actively achieving its own victories, and they are victories for American labor, American enterprise and the whole American people It is an American measure in every line and word, and the American people will not fail to approve it."

REV. COTTON CONVICTED.

A Verdict of Manslaughter is Brought in Against Him.

BELLAIRE, March 29.—After a sensational trial, lasting several days, the Rev Samuel J. Cotton, of Carough, was today found guilty of manslaughter of the boy named Brown, and of other charges of cruelty brought against him Cotton, was a rector at Carough, where he conducted an orphanage. The society for for the prevention of cruelty to children investigated the orphanage and found a horrible condition of cruelty and uncleanness to exist The death of young Brown was directly traced to those causes. Sentence upon Cotton has not yet been pronounced

DEATH OF MRS. CLARK,

Widow of the Original Founder of Tombstone, Arizona.

WASHINGTON, March 29.—A pathetic coincidence was observable in the death at the Providence hospital of Mrs. Clark, widow of the original founder of Tombstone, Arizona. Mrs Clark came to Washington from San Francisco a month ago with her daughter, just out of school. After a few days of sight-seeing she was taken ill and grew constantly worse until the end. Mr. Clark died several years ago in Washington, under precisely similar conditions, having come here for a short visit to see the sights of the capitol. He was buried in Congressional cemetery and Mrs. Clark will probably lie by his side.

ROGER Q MILLS

Will Celebrate His Sixtieth Birthday by Becoming a Senator.

WASHINGTON, March 29.—The credentials of Roger Q. Mills, as senator of Texas, arrived and will be laid before the senate today. Tomorrow Mr. Mills will be sixty years old and he has chosen the anniversary of his birth to make his entrance to the senate.

Another Swindling Nobleman.

MONTREAL, Que., March 29.—A number of Montreal society people have been swindled by a sharper who has for some time been living on their credulity, believing his statement that he was the scion of a noble Austrian family. A titled Austrian lady, who is married to a Montreal doctor, exposed the spurious "count," as he called himself, and the fellow promptly disappeared. The "count" is an Englishman and gave the name of Henry Belmont. It is thought he has gone to the United States.

Mysterious Case.

ST. JOSEPH, Mo., March 29. Yesterday afternoon while a number of school children were on their way home they noticed a man and woman walking rapidly towards the river a short distance away The man carried a bag, from which the cries of a child were heard to issue. The couple went to the river bank and threw the bag into the water, after which they hastily decamped The police are investigating the affair

Lamar is Not Dangerously Ill.

WASHINGTON, March 29.—Reports that Justice Lamar is seriously ill are denied at his residence this morning. He was prevented from attending the supreme court yesterday, it was stated, by a cold, and he remained in bed. Today, however, he is up and about after a good night's rest and expects to be at the capitol tomorrow.

Pension Claims Allowed.

WASHINGTON, March 29.—In the week ending March 19 the pension bureau allowed 5,755 claims of which 1,693 were under the general law, and 4,162 under the act of 1890. The total first payment was $833,800, the average being $144, and the average monthly rate $7.96.

More Revolution.

MONTEVIDEO, March 29 Admiral Walker's squadron arrived here Sunday Congress has approved an appropriation of $240,000 for the Chicago exposition. There are rumors of further revolutionary attempts in the state of Rio Grand do Sul, Brazil.

Will Share No More.

ST. LOUIS, March 29.—William Jones, a colored barber, was shot and almost instantly killed in a house of ill repute at No 710 North Twelfth street, at three o'clock this morning. The murder was committed by George Jones an employe at the East St. Louis race track, and was due to jealousy over the affections of Bessie Harris, keeper of the disreputable house at the above mentioned number. Jones is still at liberty.

TERRIBLE CRIME

Committed by Frank R. Draeger, a Fort Wayne Man, at Cleveland, Ohio.

CLEVELAND, Ohio, March 29.—Frank R. Draeger, of Fort Wayne, Ind, walked up to a boarding house at No. 29 Jennings avenue, this afternoon, called Mrs. Jennie Fitch, the wife of a Valley Railway brakeman, to the door and after shaking hands with her, shot her through the body five times Draeger made no attempt to escape, and when asked why he shot the woman would only reply: "For reasons of my own. I've been under her hypnotic influences for five years. Saturday I managed to break away from this influence and at once set out to kill her I am glad I succeeded."

It is believed Draeger is insane. Mrs. Fitch cannot recover

The only Frank Draeger THE SENTINEL could learn of at the late hour of going to press was one living on Second street in Bloomingdale

He was in the employ of the Star Iron Tower company up to five months ago He then left, as it was supposed, for Chicago, but it is not known positively that this is so

Neither is it known that the Draeger who killed the Fitch woman is Draeger who lives on Second street. It is probable that the woman in the case formerly resided in this city.

FATAL FIRE.

Three Persons Lose Their Lives in a Burning Restaurant—Big Blaze in a Great Railway Works.

LONDON, March 29.—The burning of a restaurant at Pimlico today caused the loss of several lives. The fire broke out and spread so suddenly that exit by doors and stairways was cut off. A waiter named Lazen jumped from a window and was killed Another woman who leaped to the street was killed almost instantly. It is said that another person was suffocated by the smoke. Three of the inmates escaped by taking to the roof, and making their way to other buildings Death was already in the house when the fire came. An infant child of the waiter Lazan lay dead in a coffin awaiting burial After the flames were extinguished the firemen found the remains half destroyed by the flames.

LONDON, March 29.—The greatest railway works in the world, those of the Great Northwestern railroad, has narrowly escaped destruction by fire On top of the miners strike comes a fire at Crewe, the leading centre of railway industry in England Owing to the miner's strike several of the shops at Crewe had to shut down for lack of coal, and the thousands of employes were threatened with indefinite loss of work if the strike had continued. Fortunately this calamity was averted and work was resumed with the resumption of the coal supply. Last night a fire broke out in the railway works. The cause of the fire is said to be yet uncertain. The flames spread rapidly from building to building, feeding on the oil, tar, cotton waste, and the other inflammable material in the various shops. Crewe has an excellent fire service, and the working men turned out in thousands to aid in the work of extinguishing the flames. Before the conflagration was subdued many buildings, with the machinery they contained, were consumed. The damage is estimated at £50,000 The principal loss being to machinery, as the sheds can be readily replaced. A large number of people are out of work through the calamity.

CABINET CRISIS.

The Prussian Trouble Renewed by Other Resignations.

BERLIN, March 29.—The crisis in the Prussian ministry is renewed. It is stated that Herr Furth, minister of the interior, and Heyden, minister of agriculture, have presented their resignations The motive is said to be the same as in the case of Caprivi, that the ministry had been discredited by the kaiser in abandoning the education bill, and that it is therefore necessary, as a matter of honor, for the members of the cabinet who gave either positive or passive support to the bill, to resign. Dr. Miquel, who consistently and earnestly opposed the education bill, is the only minister coming to the front in the reconstructed cabinet. He, it is stated takes the place of Dr. Von Boetticher as vice president of the ministers, Dr. Von Boetticher being about to retire to accept the post of governor of Hesse-Nassau, which had been held by Count Von Eulenburg, now Prussian premier. These changes will undoubtedly be followed by others, bringing the whole cabinet into harmony with Eulenburg and Miquel.

A Safe Trust.

NEW YORK, March 29.—It is said that the Marvin, Herring and Hall safe companies are about to form a trust. The story is that the three companies, who have several times been in negotiation with this purpose in view, have at length agreed upon a satisfactory basis of compact. Mr. Marvin, of the Marvin company, admitted yesterday that a plan of coalition was under consideration, but declined to give any definite information concerning it All he would say was that the purpose of the combination was to save expenses.

HENRY WATTERSON

Thinks the Democrats Should Not Select a New York Man as Their Nominee for President.

LOUISVILLE, Ky., March 29.—Henry Watterson has the following in the Courier Journal today "From first to last the editor of the Courier-Journal has held to one position, namely, that to win, Mr. Cleveland must have the united support of New York. On this point he has never wavered, writing column after column to maintain it and seeking by personal effort to make it good At no time has he been for Hill On the contrary, he has repeatedly given reasons why Governor Hill should not be the nominee and why he cannot be elected if he is. It is strange to see a journal so observant as the Philadelphia Telegraph ignore all these facts in order to make it appear that Mr. Watterson has in any way at any time, on this point, changed his opinion, or had any hand in muddling the democratic situation Exactly the reverse is true. Mr. Cleveland stands aloof from the battle. He declines the responsibility of candidacy. He leaves others to say the word. Thus required to cast an opinion among the rest, we must assert it honestly. Considering the case as it is and the facts as they are, we can see only defeat in Mr. Cleveland's nomination, and in that of Governor Hill as well, and hence think it best to leave New York out altogether in the selection of a nominee. If this be not done, we shall look confidently to the vindication of the wisdom of the counsel which the election will bring, promising that in no event is the prospect very reassuring."

MRS. BURKE-ROCHE.

The Laws of Delaware Will Protect Her.

WILMINGTON, Del., March 29.—Concerning the validity of the divorce of Mrs. James Burke-Roche, daughter of Frank Work, of New York City, the annullment of whose marriage contract was granted by the superior court of this state, ex-Secretary Bayard said yesterday "I can only say that Mrs. Burke-Roche secured a legal divorce in this state, and the comity of courts will recognize it. Her divorce is not a secret one. Personal notice of her intention to apply for a divorce was served upon James Burke Roche in England and public notice was also given. The courts of this state divorced her from a worthless, faithless husband. The laws of this state protect her and should he attempt to harass her we will very soon put him in prison."

TRAIN ROBBERS

Have a Battle With a Squad of Policemen.

BIRMINGHAM, Ala., March 29.—Sunday night an attempt was made to wreck and rob a Louisville and Nashville passenger train at Boyle's Gap, three miles north of Birmingham. Last night a squad of nine policemen went up on the same train at 11-30, and news has reached here that the robbers repeated their attempt and battle ensued. Over 100 shots were fired, though the results cannot be ascertained. Reinforcements have been sent for and a special train left with ten picked men. The southern express company have been on the lookout for a robbery along this line in Alabama for two weeks

A HUMANE ACT.

The Claims of the Baltimore Men Will be Allowed.

SANTIAGO, March 29.—Minister Egan, it is said, will not move in the Carleson case except to refer it to the state department at Washington. The claims of the Baltimore men are causing considerable discussion here. It is the general impression that when the claims are presented to the Chilian congress the sums agreed upon will be voted as not in any wise acknowledging the right of the demand, but as a charitable humane act, similar to the precedent established by the United States in the case of the Chinese killed at Rock Springs.

Convention Hall Enlarged.

MINNEAPOLIS, Minn., March 29.—The original convention hall plans provided for 221 seats for the reporters. The press committee fancied that these accomodations were insufficient. Some members of the national committee thought that more seats for the press would crowd out some of the spectators. Architect Hayes, however, has found that fifty more seats can be added in the space already allowed to the press without crowding, and it has been decided that 271 seats will be reserved for the newspaper men

Bob Fitzsimmons Challenged.

NEW YORK, March 29.—Arthur Lumley, of the Coney Island Athletic club, last night asked Bob Fitzsimmons if he would meet Jim Carrol, of Brooklyn, in a ten round bout for a purse of $5,000. Carroll is very anxious to get a crack at the conqueror of Peter Maher. Fitzsimmons believes that he would have a cinch with Carroll and will probably accept the offer. The affair is likely to arouse considerable interest.

The Lactare Medal.

DETROIT, Mich., March 29.—The Lactare medal, of Notre Dame university, presented on Lactare Sunday by that institution to the American Catholic who has performed the most distinguished service to literature, science or art during the year, will on next Sunday be presented to Major Henry F. Brownson, of this city, for his translation of Ratbacher's life of Columbus. In past years the medal has been presented to General Newton, of Hell Gate fame; to Dr John Gilmary Shea, the Catholic historian, and to Daniel Dougherty, the orator

GRAY'S FRIENDS

Holding a Secret Caucus This Afternoon in Indianapolis—He Will Not Withdraw.

INDIANAPOLIS, March 29.—The situation within the democratic ranks at present is one of great concern. The efforts of the Cleveland factions to create a general stampede for the ex-president, while not resulting in that, has demonstrated to the Gray supporters that their candidate cannot hope to get the indorsement without a bitter fight. This has led many representative men of the party to meet at the Denison house this afternoon to consider the situation. The meeting is being presided over by Chairman Taggart, of the state central committee, and ex-Governor Gray is represented by J. E. Murdock, of Lafayette. There are about twenty present including W. R. Brundon, of Lincoln, Ill., candidate for treasurer of state, who is said to be an ardent Gray man

Gray refuses to make any statements as to his intentions, but his friends quote him as saying that he will not surrender his claim to the Indiana delegation nor will he withdraw from the race for first place. The meeting is purely anti-Cleveland and it is claimed and not denied by some of those present, that it was called by Gray himself

IT IS NOT TRUE

That the British Government Has Refused to Renew the Modus Vivendi.

LONDON, March 29.—In the house of commons today Mr R. Temperly (Gourley), liberal member of parliament, for Sunderland, asked whether Lord Salisbury's government had refused to renew the modus vivendi in the matter of the Behring Sea negotiations. Mr. Lowther parliamentary under secretary for the foreign office, replied that it was not true that the government had refused to renew the modus vivendi, and he referred to the latest dispatches as evidence of that fact. The government had acted as it thought necessary for the protection of their rights of British subjects engaged in seal hunting. This statement was received with cheers

WASHINGTON, March 29.—A prominent senator whose thorough knowledge of what has occurred during the executive session of the senate on the Berhing Sea treaty cannot be doubted, said today that the ratification of the treaty contemplated would be in accordance with the report of a majority of the committee on foreign relations, who have steadily opposed the addition of a stipulation imposing a renewal of last years agreement before the treaty should become effective. He said that the feeling of hostility toward the attitude assumed by Great Britian has been so strong in the senate that the report of the minority of foreign relations committee would undoubtedly have been adopted and the treaty suspended to await a renewal of the modus vivendi, had not Lord Salisbury's last note expressed his willingness to arrange a mutually satisfactory agreement

INVESTIGATING.

Into the Expenditure of Money for the Ellis Island Improvements—A Spirited Tilt.

WASHINGTON, March 29.—The senate and house committee on immigration in joint session today resumed the investigation into the expenditures of money for the Ellis Island improvement A spirited tilt took place between General Nettleton and Senator Chandler, over a question which in effect was if General Nettleton did not fix the policy of the department in the matter of transferring appropriations General Nettleton turned sharply and with much warmth, said to Senator Chandler that in view of the fact that it was well known to him (Chandler) that Secretary Windom inaugurated such a system and Secretary Foster had taken it up, he would like to know why Senator Chandler asked him, a subordinate, such a question. He added that the chairman of the two committees were attempting to fix something on him which it was plain had no foundation The gentleman accused promptly denied this statement and declared that they were animated only by a desire to arrive at the facts. Mr. Nettleton was not satisfied and said his information was different, but the matter was finally dropped

Silver Bill in the Senate.

WASHINGTON, March 29.—Mr. Stewart, of Nevada, gave notice in the senate today that immediately after the morning hour on Monday next, he would call up the free coinage of silver bill, now on the senate calendar, with an adverse report

After the Dynamiters.

PARIS, March 29.—Premier Loubet held a conference today with the chief of the Parisian detective force It was resolved that the police should not be limited in the stringency of their treatment of suspected dynamiters and that all arrested on reasonable suspicion should be treated with the utmost rigor allowed by the law.

Confirms the Sale.

SAN FRANCISCO, March 29.—John D Spreckels confirms the announcement of the sale of the Claus Spreckels Philadelphia sugar refinery to the sugar trust He says he has not yet received the details of the sale.

BOLD BANDITS.

Hide Into a Mexican Town and Hold Up a Number of Citizens on the Street at Midday.

GUANAJUATO, Mex., March 29.—A few days ago six bandits were discovered by a detachment of rural guard near Leon taking up the tracks of the Mexican Central railroad for the purpose of derailing the express train that would soon be due, with the view to robbery. The guards fired upon the bandits, killing every one of them This stopped the depredations of the other members of this band until Sunday, when five of them rode into the town of Pedrito and held up a number of citizens on the street at midday, securing a considerable amount of money One man resisted and was fatally shot by the bandits. They then coolly rode out of town. The band is under the leadership of Guam Fiento, one of the most desperate men of his class in the republic

EIGHT NEW KNIGHTS.

Initiation of Candidates and Banquet at Phoenix Lodge K. of P.

The large and handsome rooms of the Phoenix lodge, K. of P., in the Randall block, were crowded with knights last evening, the occasion being the initiation of eight candidates into the mysteries of the rank of knight.

The new paraphernalia of the lodge was used and the work of team was most magnificently done This was followed with a banquet served in the banquet hall, the knights crowding several long tables and keeping up the festivities until after the midnight hour

There were visiting knights from a number of other cities—twenty from Decatur, eleven from New Haven, fifteen from Payne, O., ten from Geneva and twenty from Bluffton There were representatives from the lodges at Indianapolis, Columbia City, North Manchester, Uniondale, Lafayette, Portland, Huntington, Andrews, Auburn, Peru, Young America and Spencerville, Ind., from Newark, N. J., from Newport, Ky., and from Antwerp, Delphos, Van Wert, Winchester and Bellevue, Ohio

The eight equires who were made knights were as follows: E. W. Horton, J. Nickles, George B. McCrary, George Landford, Dr A. C Boswell, Dr. S C Metcalf, R F. Horstman and Louis Horstman.

A number of candidates will be initiated at Fort Wayne lodge No. 116, to night, and tomorrow night Loyal lodge No. 182 will celebrate the fourth anniversary of its institution

TRYING TO BUY ST. PAUL.

Negotiations in Progress to Bring Fort Wayne in the Western League.

Today telegraphic communication is being kept up between F. Dell Robison part owner of the Fort Wayne Street railway lines and the backer of the St. Paul base ball club. The object in view is to purchase St. Paul's franchise in the Western league and substitute Fort Wayne, which would give the league what it needs—four western and four eastern towns, as follows: Kansas City, Omaha, Minneapolis, Milwaukee, Columbus, Toledo, Indianapolis and Fort Wayne. St Paul lacks enthusiasm in the Western League scheme, anyhow. It was brought into the league partly through the enterprise of Mr. Hach, of Minneapolis, who lent financial support It is thought he will be willing to let go and that Fort Wayne will be in the Western league before very long

A special from Columbus, Ohio, to the Cincinnati Enquirer, today, says. "Frank D. H. Robinson, of Cleveland, tonight made application to President Williams, of the Western association, for admittance into that league of the Fort Wayne club Being informed that the quota of clubs was full, he asked that in the event of any team being withdrawn Fort Wayne be regarded as the first applicant. He stands ready at any time to place a first-class club in east hustling Indiana city."

A SAVAGE CANINE.

Miss Marian Woods Attacked and Bitten by a Dog.

Miss Marian Woods, a young lady of the Hedekin house, called at Meyer Bros' drug store today to have a lacerated hand dressed The wounds were inflicted by a savage dog belonging to J. W. Saainber, proprietor of the Hedekin house. Dr. W. H Myers, who attended, says the injury will not prove serious unless some unlooked for cause arises to prevent the wounds from healing properly

A son of Peter A Moran was severely bitten by a dog belonging to John Doyle The mayor has ordered the canine shot

WILL THEY FIGHT?

A Report That Fuchtsis Will Meet Tonight at Hartford City.

A rumor is current today among the sporting fraternity to the effect that Johnson, an Indianapolis pugilist, and Pitts a colored fighter of Fern, will enter the ring at Hartford City tonight to battle for the championship of the state It is also rumored that the manager of the Pitts-Johnson fight are trying to arrange a match between Dick Keating, of Lafayette and an unknown, to occur at the same time and place.

CONGRESS.

Mr. Campbell Explains His Position on the Silver Question—The Tariff Being Discussed.

WASHINGTON, March 29.—Owing to the action on the silver bill yesterday, which relegated it to the house calendar, the attendance this morning was small and an expected red letter day in the annals of legislation was thereby lost, the house devoting its time to the tariff debate. A letter was read from Mr Mills, of Texas, stating that he had transmitted his resignation as a member of congress to the governor of Texas to take effect today.

Bills were passed for the relief of Daniel McClure and to establish a post of delivery at Des Moines, Ia

Mr. Campbell, of New York, made a personal explanation of his absence last Thursday when a vote was taken on the silver bill He stated that he was ill in New York and was moreover paired with Mr. Boatner, of Louisiana, on the silver bill Had he been there he would have voted against the measure Newspapers in New York had insinuated that he had been derelict in his duty. He emphatically denied this and said that he had endeavored during long public career to discharge his official duties honestly, fairly and fully, and the insinuation that he was purposely absent or was neglecting the interests of his constituents was false and they were welcome to any notoriety they expected to make by any such statements.

The house then went into committee of the whole on the tariff bill. Mr. Harter, democrat, of Ohio, was the first speaker He favored the free wool bill. Good government cost money, and the only way to raise money was by taxation The only justification of any tax upon a citizen was the necessity of his government. Direct taxation was the only proper method of raising money. This was the most equitable, complete and just way to raise revenue because it was open. Every citizen knew precisely what the cost of the government was under the operation of a direct tax Indirect taxation was unjust and wrong. Since the beginning of the government this nation was a free trade country and this had created the enormous prosperity of our land.

FIVE FUNERALS

Which Have Taken Place in the Last Two Days.

The funeral of Miss Mary E Gaffney took place from St Patrick's church this morning and was largely attended.

The funeral of Phillip, the three-months-old child of Mr. and Mrs. Michael Weidner, of 337 Lafayette street, took place this afternoon

The funeral of Mrs Barbara Crouse took place this afternoon from the residence of Charles Crouse, 44 East Pontiac street, who is a son-in-law of the deceased. The deceased died of old age on Sunday at the residence of her daughter, Mrs. G. W Gordon, at Auburn, Ind Mrs. Crouse was an early settler in Fort Wayne, and went to Auburn about a year since to make her home with Mrs Gordon

The funeral of John Sites, of South Broadway, took place this afternoon, the services being held at Prairie Grove.

The funeral of Mrs. Margaret Ludwick was held this afternoon from the house on the Goshen road, Rev. J. F. Strait officiating.

SILVER MARKET.

The London Times Comments on the Prospects.

LONDON, March 29. The Times financial article this morning contains the following "If the silver party in the American congress accepts defeat, the silver market will doubtless partly recover from the fall of the past eighteen months, and eventually cattle down to a price sufficient to maintain production at the level required by the real wants of the world, but the silver party is powerful and is not likely to accept defeat as final. Further endeavors to create an artificial demand are far from improbable, and mines which were remunerative before the recent fall will perhaps be kept going in the hope of ultimately proving profitable."

FROM EAR TO EAR.

A Farmer Cuts His Wife's Throat and Then Kills Himself.

RICHMOND, Mich., March 29.—Abraham Cooley, a farmer, living one and a half miles west of here, this morning cut his wife's throat from ear to ear with a razor and then committed suicide by drawing the blade across his own throat Both were dead when discovered a short time after the tragedy. Cooley had showed some signs of mental depression for some days Cooley was a wealthy man and had a good farm and other property. He was about 60 years of age and his wife about 50

Is it a Silent Elopement?

WABASH March 29.—Miss Emma Malloth, a deaf mute, twenty-eight years old, is missing from her home in Peru She disappeared last Friday afternoon, indicating that she was going to a near neighbors She did not call there, however, and it is learned she informed another that she was coming to Wabash John Malloth, her father came here today in search of the young woman but failed to locate her in this vicinity. It is supposed that she has gone away with a male acquaintance named Lindsay.

THE WORLD DON'T KNOW.

Only Women Realize the Truth.

[illegible] while returning home [illegible]

Ah, women you know what I mean [illegible] You watch, [illegible] and you who are confined to one [illegible] have been heavy in your delights. Low spirits, pain in your nerves, loss of sleep, [illegible] weak stomachs, loss of strength, loss of flesh, [illegible] Your nerves generally weak and disappointed. You feel languid, low spirited, irritable and inclined to be alone. Pain in your back and loins, or bearing down pains, often distress you. And during spring you always feel worse.

Thousands daily have had the grip who it has left them with weak nerves and debilitated bodies.

The great nerve tonic, tissue and female restorative is Dr. Greene's Nervura. No remedy in the world so sure to restore strength to the weakened and worn out nerves, bring the blood on health to the cheeks, strength to the limbs and vigor to the whole system. Use it and it will give you strength for your work. It is the best of all spring medicines. Purely vegetable and harmless. Dr. Greene's.

"It is with great gratitude that I say Dr. Greene's Nervura has done wonders for me. My nerves had become so weak as to render me incapable of fulfilling my duties. I had no confidence in myself. I would at times grow so weak that it seemed as if I should never be able to move again. I could not remember anything. Dreadful sinking pains occurred frequently all through my lungs and head; often severe headache would follow which would prostrate me for hours. Physicians said no help was possible

"I began taking Dr. Greene's Nervura and found by the time I had taken the first bottle that I had been greatly benefited. I continued its use and am now doing my work and have gained my original health again

THE democratic city central committee will meet this evening at the city hall

THE republicans of Huntington have nominated this ticket: Mayor, John S. Glenn; treasurer, Chas. C. Scott, clerk, James A. Purviance; marshal, Alonzo Crandall.

COL. C. A. ZOLLINGER announces that he is not a candidate for department commander of the G. A. R. of Indiana. Captain Philemon Dickinson, who has been endorsed by the G. A. R. post of the city for senior vice-commander, will receive Col. Zollinger's support for that position.

JOSIAH COOK, the distinguished divine, lectured to a large audience at the city Y. M. C. A. last night on "The Seven Wonders of the World." His address was that of a master mind and full of interest, occupying in its delivery two hours. Rev. Cook is one of the foremost thinkers of the age and an able, pleasing platform orator.

A DEMOCRAT of state reputation, who had a long talk with ex-Governor Gray yesterday, made the following statement, presumably authoritatively, to the Indianapolis News in reference to his retirement as a candidate for president: "Gray will not be forced out of the race—you may depend on that. Now, that the opposition has opened on him, he will do some fighting himself, and he will force the state convention to instruct the delegates to Chicago to vote for him."

THE people of Scotland have been more liberal in raising subscriptions in behalf of the Jews of Russia than the people of any other country of Europe. At a meeting held in Glasgow to help the Russian Jews, the sum of $10,000 was raised, and the fund has been greatly enlarged since then through the influence of the Lord Provost. In Edenburg and other Scotch cities large sums have been subscribed. In Dundee the town folks gave over $5,000. The London Jewish World expresses admiration for Scotch liberality.

THE silver bill will not be an issue in the political campaign this year, and it is well that it is not, for the democracy are divided in opinion in regard to its merits. After a consultation with some of his supporters, Mr. Bland has decided to endeavor to get the requisite number of names to a petition to the committee on rules, asking it to set apart time for the consideration of the free coinage bill and to bring in a cloture ruled. But on further consideration the Bland men decided that they would withdraw the petition and give up the fight.

FREDERICK DOUGLASS, at the head of a presidential ticket, running upon a platform whose cardinal plank principle is for pensioning the ex-slaves, is one of the possibilities of the coming campaign. William R. Vaughn, of Chicago, is at the head of the movement. Through his efforts a bill has been introduced in congress to grant pensions to negroes, and it is proposed to call a national convention for the purpose of nominating a ticket which will make the fight on this proposition. Mr. Vaughn recently wrote a letter to Frederick Douglass asking him to indicate his willingness to accept a nomination for the presidency on the new party's ticket.

THIRTY-TWO of the senators have been members of the house of representatives, and the greater number of these were taken directly from that body and promoted to the senate. The senators thus transferred are among the most distinguished men in that body, and include Sherman, Morrill, Voorhees, Allison, Wilson, of Iowa, Hawley, Hale, Frye, Dawes, Hoar, Hiscock, Aldrich, Carlisle, Blackburn, Kenna, Sawyer, Daniel, Barbour, Vance, Colquitt, Washburn, Harris, Jones, of Arkansas, the two Gibsons, Carey, Felton, Allen, Hansbrough, Dubois and Gallinger. Pennsylvania has had some able members in the house, but it is a fact worthy of notice that none of them were ever selected by the legislature for promotion to the senate.

THE national association of democratic clubs advises all democratic societies in the United States to celebrate, each in its own way the approaching birthday of Thomas Jefferson. This event has been annually hailed by the association ever since its formation, and the celebration has crystallized into a custom which is almost universal among the democratic clubs. Advices at head-quarters are to the effect that it will be generally observed this year. Many large clubs have already begun their preparations and public men especially democratic leaders in congress, are being sought for speeches the national association advises that where not inconvenient, the 13th of April be observed, because it is least to observe one day instead of two, and because the 13th was chosen by Mr. Jefferson's contemporaries for the first event of the kind in 1809, at which President Jefferson gave the historic toast "The Federal Union Must be Preserved."

WHO FOR DELEGATES?

The Primaries for Choosing Delegates to the Democratic Convention.

The democratic county convention will be held in this city one week from next Saturday, for the purpose of nominating three representatives to the general assembly, sheriff, treasurer, prosecutor for the Thirty-eighth Judicial circuit, coroner, surveyor, one commissioner from the first district and county assessor.

On the day previous, Tuesday, April 8th, the primaries for the election of delegates to the county convention, and also to the state, congressional and senatorial conventions, will be held, at the usual places and hours, in the various wards and townships of the county.

The delegates to the county convention will be apportioned as follows: Townships: Aboite, 4; Adams, 6; Cedar Creek, 6; Eel River, 4; Jefferson, 6; Jackson, 3; Lake, 5; Lafayette, 7; Madison, 7; Marion, 6; Maumee, 3; Milan, 6; Monroe, 8; Perry, 6; Pleasant, 7; Springfield, 5; Scipio, 3; St. Joseph, 8; Washington, 6; New Haven, 7; Wayne, 6. City: First ward, 6; second, 7; third, 6; fourth, 6; fifth, 3; sixth, 6; seventh, 5; eighth, 9; ninth, 6; tenth, 5.

The democratic state convention will be held at Indianapolis on the 21st day of April for the purpose of nominating state officers. In this convention, and also in the congressional convention which is to be held at Kendallville on the 26th of April, and the joint senatorial convention, the townships of Adams, Monroe and Wayne, together with the First, Second, Third, Fourth, Seventh, Ninth and Tenth wards will be entitled to two (2) delegates each. The Fifth and Sixth wards will be entitled to three (3) delegates each. The Eighth ward will be entitled to four (4) delegates. The other townships will be entitled to one (1) delegate each.

At the primary election the voters will also select members of the county central committee to serve for the ensuing two years. The townships of Adams, Pleasant, Washington, Wayne and the ten wards in the city will be entitled to two (2) committeemen each. The other townships are entitled to one (1) committeeman each.

THE SILVER BILL DEBATE.

Michael D. Harter, of Ohio, Who Opposed the Bland Bill.

M. D. Harter, who made a great hit in the debate on the silver bill is a member of congress. He represents the Fifteenth district of Ohio, resides at Mansfield, that state, and was born at Canton, also of the Buckeye commonwealth, in the year 1846. Harter is an energetic business man, a manufacturer and a banker. He is an earnest tariff reformer, of many years' experience in its advocacy. The Cobden Club, London, England, has his name on its roll of membership, and in America his name is found on the list of members in the Reform Club, New York, the Democratic Club of the same city, and the Young Men's Democratic Club of Cincinnati. Harter talks to congress in a straightforward, business like way, without rhetorical pretension, and commands the attention of the house.

It is not theory but fact—that Hood's Sarsaparilla makes the weak strong. A fair trial will convince you of its merit.

JUDGE S. M. HENCH.

He Explains His Position and That of Mr. Riegler on the Fee and Salary Bill.

EDITOR SENTINEL:

As is well known, I am a candidate for representative to the next legislature. Certain persons are circulating the report in order to injure Hon. John Beigler and myself that we voted to pass the fee and salary bill over the governor's veto, thereby implying that we were opposed to the fee and salary bill taking effect within a reasonable time after the adjournment of the last legislature. I desire to say that I voted for the fee and salary bill as it now stands upon our statute books and also voted to pass the bill over the governor's veto. Mr. Beigler did the same.

The reason why I voted for the bill on its last passage through the house of representatives, and not to sustain the governor's veto, was because I feared if we did not pass a fee and salary bill as demanded by the people the democratic party would be ingloriously defeated at the election in this state on the first Tuesday of next November.

This bill came up for action before the house of representatives, on the 10th day of February, 1891, as will be seen by the house journal at pages 628-29-30-31-32-41; and during said time, covering a period five or six days (and nights too,) the house of representatives went into the committee of the whole, and every person that knows a little about parliamentary law, knows that when the house is working in the committee of the whole, that none of its proceedings are published in the house journal. That fact I soon discovered and hence, at page 644 of the house journal I objected to going into the committee of the whole on the fee and salary bill, for the reason; that what was done there, so far as the house journal was concerned, would never be known, and therefore Mr. Patton and myself demanded the ayes and noes, as to said question, but we were defeated and the house resolved itself into such committee on the 11th day of February, 1891, for the last time as to said bill.

While the house was in the committee of the whole, and having under consideration the fee and salary bill, Mr. Beigler and myself voted whenever opportunity offered, in favor of putting the fee and salary bill into effect in 1891. The bill was finally sent by the house to a special committee on the 14th day of February, (see house journal page 665). February 17, the special committee reported the bill back to the house for its action and from this time until the bill was passed by the house and over the governor's veto, the journal of the house records all the proceeding had under said bill, after the report of said special committee had been made.

It will be seen at page 845 of the house journal, that Hon. William A. Cullop, a member of the house from Vincennes, offered an amendment to the bill; that the same should go into effect on the first day of August, 1891. That a motion was made to lay Mr. Cullop's amendment on the table; that Mr. Patton and myself demanded the ayes and noes on said motion; and that Mr. Beigler and myself voted in favor of Mr. Cullop's amendment. At the same time an attempt was made to engross the bill, which would have simply been an outrage upon the people of the state, as the bill had not been completed and no amendments thereafter could have been made to the bill had it then been engrossed. To the engrossment of the bill I objected, and as will be seen on page 870 of the journal, Mr. Faulkner, of Ripley county, and myself demanded the ayes and noes upon the motion to engross, and the result was that the motion was defeated, the vote standing 32 for and 55 against engrossing the bill at that time. The journal shows at page 871, relative to this action, that Mr. Beigler and myself voted against the engrossment of the bill. The bill was afterwards ordered to be engrossed at page 840 of the journal.

How this was done I do not now propose to discuss, suffice to say, that the ayes and noes do not appear upon the journal of the house as to its engrossment. At 11 o'clock on Friday night, February 20, Mr. Brantstetter of Jay county, made the following motion:

I move to reconsider the vote by which the house bill No. 275, (the fee and salary bill) was ordered engrossed and passed to a third reading." Mr. Brantstetter is a democrat and was one of the hard working members of the last house, and as there was much feeling at the time in the house that the bill had been improperly treated, he made the motion to reconsider, in order to give the members an opportunity to further amend the bill if necessary. In acting upon this motion to reconsider, as will be seen at page 850 of the journal, Mr. Beigler and myself voted for its reconsideration.

In conclusion, I desire to say that Mr. Beigler voted every time in the interest of the working people of this county and state, and especially the railroad men.

It is not to say that Mr. Charles Dalman, of Pleasant township, now a candidate for representative, has had nothing to do with circulating the report herein referred to, relative to Mr. Beigler and myself.

A MAGNIFICENT BUILDING.

The New Postoffice Which the City of Washington Is to Have.

Supervising Architect W. J. Edbrooke, of the United States treasury department, has prepared the plans for the new city postoffice building which will be erected in the national capital on the block bounded by Pennsylvania avenue

WASHINGTON'S NEW POSTOFFICE.

and D street on the north, C street on the south, Eleventh street on the east and Twelfth street on the west. The building will have a frontage of 200 feet on Pennsylvania avenue and will run back about 300 feet to C street.

One of the features of the new postoffice, which certainly will attract attention, is the massive clock tower, the top of which will be about 300 feet from the sidewalk. The tower will be forty feet wide, and the diameter of the clock faces twenty feet each. The clock will be plainly visible from nearly every portion of the city.

The main entrance of the new postoffice will be on Pennsylvania avenue, and the recessing of the central portion of each facade above the second story will be particularly conspicuous on the Pennsylvania avenue side.

The C street entrance will be used entirely by the postoffice department for receiving and dispatching the mails. The Eleventh and Twelfth street entrances will be employed principally by persons on official business and those who wish to reach the offices in the upper stories by means of the elevators.

With the exception of the first floor, which will be entirely covered over and all the space utilized, the general plan of the building is a hollow square upon which the offices open, thus admitting ample light and air. Balconies on each floor will render communication between the occupants of the offices convenient in the extreme. The open space or court will be roofed over with glass skylights, supported by iron trusses of ornate design. The interior of the building will be made bright by the use of glass tiling for the flooring of the corridors.

It is expected that the entire exterior of the building will be of granite, which will be embellished with the coat of arms of the United States and various allegorical designs in bas-relief. Modern Romanesque is the style of architecture which has been decided upon. The new postoffice building will be symmetrical, though somewhat massive, in appearance, and it is certain to be regarded when finished as one of the sights of Washington. It will cost an enormous sum of money.

Her Choice.

"What do you like me in the hot?"
He questioned her that night.
As near the smoking fire they sat
And watched its flickering light.

"I think I like you best," she said,
And blushed a rosy hue;
"In fact me think oh, yes, I know,
That business suit you best."

"And why?" he questioned tenderly,
His eyes on her fixed
Where now and then a transit blush
Would leave its blithe trace.

"Because," she answered with a sigh,
Her eyes downcast shy,
"When you have on your business suit
You are so far away."

The Spleen

—not the ill-humor you feel like venting upon some offender, but the spleen near the stomach, which supplies the proper amount of blood to the stomach during digestion. But both are effected by a torpid liver. A torpid liver excites the spleen (ill-humor) and destroys the healthy organ. Incite the liver, promoted by Simmons Liver Regulator, destroys the spleen (ill-humor) and excites to right action the digestive powers—then no more Dyspepsia, Constipation or Biliousness.

QUALITY
—AND—
PRICE!

Quality amounts to little,
Unless the price is fair,
Low prices are not bargains,
Unless quality is there.

We combine these two great considerations.

We make "QUALITY" the first great object. For the sake of mere cheapness, we never allow a poorly-made article to gain access to our establishment.

After we have secured our customers the best possible "QUALITY," we then aim to place the article before them at a lower figure than can be obtained in any other establishment in the country.

Our experience is that customers, especially in fine Carpets, want the Newest and Handsomest Styles the markets afford, at regular prices, rather than "off patterns" at a little price.

Our great aim, therefore, in both Carpets and Furniture, is to keep at the head of the column in artistic effects and excellence of manufacture

NOTICE TO MASTER BUILDERS AND MECHANICS—

The committee on city building of the city of Fort Wayne, Indiana, will receive sealed proposals at the city hall in said city at 8 o'clock two o'clock on Monday, the 11th day of April, 1892, for the erection and completion of a city building to be erected at the corner of Harrison and Berry streets in the city of Fort Wayne, Indiana, including sewerage, gas siphon, steam heating, plumbing and decoration in accordance with the drawings, plans and specifications prepared by Vitz & Malurin, architects to be seen at their office in the city of Fort Wayne, Indiana, after March 20th, 1892. All proposals must be made on blanks furnished by the architects and accompanied by a good and sufficient bond signed by two resident freeholders of the city of Fort Wayne, Indiana, or a certified check in the sum of one thousand dollars ($1,000) to be approved by said committee on city building for the acceptance of said contract, if awarded by said committee, and signed by the common council of the city of Fort Wayne, Ind. Bids shall be for the whole or said work. Said building to be completed in all respects by the first day of July, 1893. The successful bidder will be required to enter into a bond with terms and conditions as may be determined upon by said committee, conditioned for the faithful performance of the work in accordance with the said plans and specifications and within the time agreed upon and to the satisfaction of said committee. Bids shall include the taking down and removal of the brick building now on the site of the proposed building, the material to be the property of the successful bidder. The right is reserved to reject any or all bids.

RAILWAY RUMBLINGS.

The Pennsylvania Will Adopt a New Insurance Scheme—Items of Interest to Shop Men.

The Pennsylvania liner west of Pittsburg have taken steps to insure their buildings on the same plan as was adopted by the Pennsylvania railroad. Instead of paying premiums to regular fire insurance companies, they will have their own inspectors and pay losses on buildings worth over $1,000 each out of a special fund set apart for that purpose. The theory follows that the fires bear a small ratio to the large premiums paid owing to the care exercised to guard against fire and in the long run the company hopes to save money. The officials of the Pennsylvania company have long been considering the advisability of adopting this method of protection and have finally decided to try it. Arrangements will at once be made for carrying out its provisions all over the various roads of this immense system.

THE AID OF TRAINMEN.

A union meeting of the Brotherhood of Railroad Trainmen was held in Baltimore Sunday. Speeches were made by Mayor Latrobe and Hon. L. S. Coffin, of Iowa.

Mr. S. H. Cheeseman, of Philadelphia, a member of the Brotherhood of Railroad Trainmen, presided.

The following resolutions were adopted:

"Resolved, First, That we in mass meeting of railroad trainmen assembled in the city of Baltimore, Md., March 27, 1892, do respectfully, yet most earnestly, beg of congress to act at once in this matter and give to us the relief which it alone can grant, viz: A chance to save our lives and our limbs in our work, hazardous at best.

"Second. That in our judgment as practical men engaged in handling cars and trains, the legislation needed is some law that will supplement the work already done by the majority of more progressive roads in adopting a standard uniform coupler that will require all the roads to equip their cars with the same uniform standard coupler, as well as to require in all trains a sufficient number of cars fitted up with power brakes so as to give the control of the train into the hands of the engineer."

CHANGES ON THE C. S. & W.

M. E. Ingalls, president of the C., C., C. & St. L., has issued a circular appointing Joseph Ramsey, jr., general manager of the Cincinnati, Wabash & Michigan road, which on April 1 becomes the Michigan division of the Big Four system, vice N. P. Ramsey; Oscar Murray, traffic manager, P. A. Hewitt, auditor; George S. Russell, treasurer, vice Norman Beckley; D. B. Martin, general passenger agent, vice W. R. Baldwin, and Albert S. White, general freight agent; vice D. F. Coe.

General Manager Ramsey will issue a circular appointing E. A. Peck general superintendent, G. W. Kittredge chief engineer, and J. E. Rose superintendent of transportation of this division.

General Superintendent Peck will issue a circular appointing C. J. Stedwell, now superintendent of the Indianapolis division, superintendent of the Michigan division; Thomas Reynolds, now superintendent of the Sandusky division, superintendent of the Indianapolis division; S. T. Blizzard, trainmaster on the Chicago division, superintendent of the Sandusky division.

MINOR MENTION.

Frank Rohrer celebrated his twenty-fifth birthday yesterday.

The Lake Shore is considering the plan of putting in track tanks.

Dick Thompson, Wabash agent, was out yesterday after a long sickness.

Mr. A. H. Pollmanus, who has been ill with la grippe for a week past, is recovering.

Clerks in the different departments are busily engaged in preparing their monthly reports.

Brakeman Alf Tousley, of the Pittsburg, returned to work yesterday after a few weeks' illness.

John Franks, of the Nickel Plate, is quite ill at the residence of his brother-in-law, Thomas Ogler.

The last of the Golden Gate specials on the Pennsylvania went over the lines yesterday. It consisted of six well-filled passenger coaches.

Brakeman Racht, of the Nickel Plate, is taking a lay off on account of injuries to his feet.

The works of the Kendallville Manufacturing company were destroyed by fire Saturday evening.

The Horton Manufacturing company will soon erect a large addition to its West Main street works.

The Wabash is carrying the United States Marine band from Chicago to California on a special train.

The rate is a fare and a third for the round trip to Detroit on account of the American Medical association in June.

The Pennsylvania will build a two thousand dollar passenger station at the eastern insane asylum, near Richmond.

Tecumseh Edsall, of the Nickel Plate, is dangerously ill with pneumonia at the home of his parents, 61 Oliver street.

Engineers are running lines for the Chicago and West Michigan through Porter and Lake counties for its Chicago line.

Jim Butler, the popular barber, today celebrated his birthday (fifty-third, they say), and the railroad boys were pulling Havanas all day at his expense.

Dr. Kells reports the health of the employes of the Pittsburg railroad as generally good. No new cases of sickness have been reported for several days.

Machinist Schert, of the electric works, was married Sunday evening to a young lady at Kendallville. The young couple will make their future home in this city.

Superintendent of Motive Power Lord, of the Big Four, formerly of this city, will shortly take a trip over the Chesapeake and Ohio, and General Superintendent Peck may accompany him.

Work is now in progress ballasting the track of the Findlay, Fort Wayne and Western, and it is stated that construction will soon begin from the Miami and Erie canal to the Cincinnati, Jackson and Mackinaw.

Will McGriery, copyist in the Pittsburg dispatcher's office, returned from Lima, Ohio, where he has been visiting a few days. It is rumored that on Mr Griery's next visit to the Ohio city he will take unto himself a better half.

When the line of the Chesapeake and Ohio railroad, which had been completed as far as White Sulphur Springs, was projected from there to Ohio, C. P. Huntington, in 1869, personally surveyed the route, traveling in a batteau from Hinton to the Kanawha and making a rough trip of it.

Under the official classification No. 10 by the joint committee of the Central Traffic association, to take effect April 1, buggies boxed or in crates, have a 25 per cent. lower rate than under the former classification, which will be quite an item for the manufacturers of vehicles in this city and other points in the Central Traffic territory where so much of this class of work is produced.

One of the most profitable short pieces of road owned by the Pennsylvania company is the Pittsburg, Wheeling and Kentucky road. That road extends from Wheeling junction to Wheeling, twenty-four miles, and connects the Panhandle lines with the eastern Pennsylvania lines and has proved of great value in moving freight expeditiously, not subjecting them to delays.

It is intimated that Edward Dickinson, now assistant general manager of the Union Pacific, is to be made the general manager. His railroad career has been something remarkable. He commenced as a messenger boy on the Cleveland & Toledo when twelve years old, in 1865 he went to the Atlantic & Great Western road, now New York, Pennsylvania & Ohio, as telegraph operator, reaching the position of chief train dispatcher. In 1872 he accepted employment with the Union Pacific, and about the only man on the road now who was employed on it then, is great and frequent have been the changes. He commenced as train dispatcher, was promoted in 1883 to division superintendent, in 1887 he had reached the position of general superintendent, and in 1891 was appointed assistant general manager, the position he now holds.

Rev. Wm. Hollinshed,

Pastor of the Presbyterian church of Sparta, N. J., voluntarily writes strongly in favor of Hood's Sarsaparilla. He says: "Nothing I know of will cleanse the blood, stimulate the liver and clean the stomach like this remedy. I know of scores and scores who have been helped or cured by it."

The highest praise has been won by Hood's Pills for their easy, yet efficient, action.

There are in the entire country about 250,000 Indians, who control about 90,000,000 acres of the public land.

Imitators and Impostors.

The unequalled success of ALLCOCK'S POROUS PLASTERS as an external remedy has induced unscrupulous parties to offer imitations, which they continue to sell on the reputation of ALLCOCK'S. It is an absurdity to speak of them in the same category as the genuine porous plaster. Their pretensions are unfounded, their vaunted superiority is unsported by facts, their alleged superiority to or equality with ALLCOCK'S a false pretense.

The ablest medical practitioners and chemists and thousands of grateful patients unite in declaring ALLCOCK'S POROUS PLASTER the best external remedy ever produced.

Beware of imitations, and do not be deceived by misrepresentation. Ask for ALLCOCK'S, and let no solicitation or explanation induce you to accept a substitute.

The theaters of London regularly employ over twelve thousand people.

"How to Cure All Skin Diseases."

Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT.

In California peach trees are successfully grafted with rosebuds, thus producing groves of red, white and pink roses.

Frightful Shipwrecks.

Staunch ships strike and founder, the fierce winds and mountainous waves sweep noble mariners' "hearts of oak" to shipwreck and to death, yet that does not prevent the lubberliest landsman from risking his life on the stormy Atlantic in the role of tourist or commercial traveler. But if he shall reach his destination safely he will scarcely have escaped some of the qualms of sea sickness, unless he takes with him Hostetter's Stomach Bitters that inimitable specific for nausea. Bad water on long trips are a threat to the voyager, but this may be deprived in a great measure of its disordering effects upon the stomach, bowels and liver by the Bitters. Against the prevalent effects of malaria, bad diet, fatigue and exposure it is also efficacious. It alerts, moreover, rheumatism and kidney complaints. Don't travel on sea or land without it.
